WORK EXPERIENCE

MERN Stack Developer

Uniblok Tech Pvt. Ltd.

08/2022 - Present

Blockchain based product & services company

Noida, Sec 62

Achievements/Tasks

- Designed and implemented RESTful APIs, optimizing data retrieval and manipulation through well-structured endpoints and query parameters.
- Developed a user authentication system using JWT, reinforcing application security and protecting sensitive user data.
- Collaborated seamlessly within cross-functional teams, contributing to the development of end-to-end solutions using Express.js and Node.js for back-end functionality.
- Implemented RESTful APIs and integrated third-party APIs, enhancing application functionality and data retrieval.

MERN Stack Developer

AanaxagorasR Software Pvt. Ltd.

01/2022 - 08/2022

Noida, Sec 63

Achievements/Tasks

- Collaborated closely with designers and front-end developers to implement UI designs using React.js components.
- Leveraged MongoDB as the primary database solution for multiple projects, designing schemas and managing data efficiently.
- Implemented data validation and sanitization using Mongoose schema validators and middleware functions.

Node JS Developer

Eigerlab Technologies LLP

08/2021 - 01/2022

Noida, Sec 4

Achievements/Tasks

- Collaborated closely with front-end developers to design and develop RESTful APIs using Express.js for seamless integration with React.js applications.
- Played a key role in optimizing application performance, identifying bottlenecks, and implementing solutions to improve response times

PROJECTS

Platocast

- Build the backend of Platocast, a podcast application, using Node.js. Develop RESTful APIs to manage users, podcasts, episodes, and subscriptions. Employ MongoDB for scalable data storage. Integrate authentication, playlists, and analytics for an immersive podcast experience. Leverage Node.js's power to create a high-performing platform for seamless podcast streaming.

Manodayam

- This platform offers tailored subscriptions, granting access to a wealth of therapeutic content, from articles to videos. Built using Node.js, MongoDB, and responsive design, it ensures secure profiles, community engagement, and smooth payments. Elevate your mental well-being with Manodayam.

Pando-Wallet

- the online wallet application revolutionizing digital assets through blockchain innovation. Powered by Node.js and Express.js, this platform offers seamless management of cryptocurrencies. Experience unrivaled security and efficiency as you navigate the world of digital finance with Pando Wallet.

Pando Certificates

- A dynamic online learning platform . Developed using Node.js and Express with MongoDB, it offers a seamless experience for learners and educators. Dive into a world of curated courses, interactive lessons, and industry-recognized certificates.

ACHIEVEMENTS

Star Of The Month - Uniblok

I got this award for my excellent work and quick delivery of the feature.
